A letter to the officials

Writing

of Nevinnomyssk.

I'm pleased to greet you. As an active and responsible citizen, I would like to suggest that I think we could do to improve the public and cultural life of our town.

The way our town ^{has} changed a lot, thanks to the officials of our government. Recently I have witnessed the celebration of our town's day and was impressed. I am overwhelmed with a feeling of joy when I see my town going through positive changes.

Nevertheless, I reckon there are plenty of things left to do to make our life even better.

I've been visiting the local Museum of the history of Stavropol'skiy Krai for the last few years quite often. Because I was inspired by educational lectures, creative events and art or historical exhibitions.

I am convinced that students of all ages should pay attention to their hometown's history and learn about culture.

Unfortunately, the facade of the building looks inappropriate. Besides, the museum is small and there is not enough room for people. Not to mention its bad location. Due to that, fewer people visit this place.
