Mr. Minenkov,

I can see how fast Nevinnomyssk is developing. I would really like to suggest you some things to improve culture in our town.

Culture helps people to be educated in a lot of ways, so I believe you should do a lot to achieve a high level of culture in town. It would be great if we have a place where family or group of friends could go. Building theatre is not a bad idea. Also there are a lot of young artists in our town. Gallery would be good place where the beginners could take an experience and admire the paintings. There are also a lot of kids and adults who fond of in history. More museums - that is my suggestion. But buildings are not able to educate people in culture, because we need people to do it. Arranging big events with artists could be an amazing idea. It would be interesting to learn something new from them. Culture takes a big part in peoples lives. I hope you will mind my suggestions and do something with it.

That was all my suggestions. Please contact me to discuss them.

Best wishes,

Lidia
